NEW MINISTRY FRAMING NOTE

Turks Will Reply to Communication From Powers.

ENVOYS REMAIN IN LONDON

Balkan Peace Delegates Display a Disposition to Allow Their Enemy Time to State What Its Intentions Are—Rumor Current That the Sultan of Turkey Has Been Dethroned.

London, Jan. 25.—A rumor was current in London, Paris and Berlin to the effect that the sultan of Turkey had been dethroned and a republic proclaimed.

There was no confirmation of the rumor anywhere and it was generally discredited in official circles.

London, Jan. 25.—Some days must elapse before the situation arising from the revolution in Constantinople becomes clear. As far as may be judged there is no intention on the part of the new Turkish government to force matters or to resume hostilities if any reasonable compromise with the Balkan allies is possible.

A dispatch from Constantinople says the council of ministers met to discuss the reply they will make to the note of the powers and it is believed this reply, while insisting on the retention of Adrianople by Turkey, will point to Thursday's demonstration as a real manifestation of the national will.

The new government is finding difficulty in filling the post of foreign minister. The portfolio has been offered to several of the Turkish ambassadors abroad, but thus far all have declined. Until the ministry is completed by the appointment of a Sheikh ul Islam and a foreign minister it is probable that no definite steps will be taken.

Developments in the situation are awaited throughout Europe with the greatest concern, in view of the fact that danger might arise through active intervention by Russia.

Balkan Delegates Patient.

The Balkan delegates to the peace conference in London show no desire for precipitate action. They have accepted the advice of the ambassadors of the powers to await the reply of the new Turkish government to the ambassadors' note before forming any resolution as to their future procedure.

Opinion among the delegates with regard to the situation is much divided. Some maintain that it is useless to wait longer in view of developments at Constantinople, which are considered eloquent proof of the attitude the new ministry intends to take. Others take the view that it is impossible for Enver Bey on a white horse and like another Boulanger to be taken seriously.

In addition, they argue, the Young Turks, who lost power owing to the unpreparedness of the country under their regime in the war with Italy, cannot now have the support of a majority of the people, as the same unpreparedness for which they were responsible has been further demonstrated to exist in the war with the Balkan allies.

European Warships to Turkey.

London, Jan. 25.—Italian, British and other warships have been ordered to proceed immediately to Turkish waters, according to dispatches from Mediterranean ports.

WORKING TO SAVE LEEVES

Fifteen Hundred Men Labor Day and Night in Mississippi.

Vicksburg, Miss., Jan. 25.—Fifteen hundred men are working in day and night shifts trying to save the levees in the Third Mississippi engineering district, according to Major J. A. Woodruff, engineer in charge of the district. In some places the workers are keeping barely two feet above the rising water, says Major Woodruff. Much attention is being given in the Lake Beulah district, where a break during the last flood caused great damage.

SUBMERGES MILE OF TRACK

Avalanche on Great Northern in the Cascades.

Seattle, Jan. 25.—An avalanche at Windy point, in the Cascade mountains, buried nearly a mile of Great Northern track under snow and earth to a depth of sixty feet in some places. It is estimated that it will require a week to clear the line.

A snowslide west of Laconia, on the St. Paul road, caught two rotary plows and an engine, killing one laborer. Five other men were buried, but were dug out alive and little injured.

Killed Clubbing Wildcat.

Ontario, Cal., Jan. 25.—When he hit a trapped wild cat on the head with the butt of his shotgun Nathan Sparks, a hunter, received a charge of buckshot which killed him. Sparks in the excitement caused by finding a huge wildcat in his trap, forgot that his gun was cocked.

KING ALFONSO.

Spanish Monarch May Visit United States.

MAY VISIT UNITED STATES

King Alfonso of Spain Contemplates Making Tour.

London, Jan. 25.—It is stated there is a probability that King Alfonso of Spain will visit the United States, possibly next summer, should the political situation in his kingdom permit of his doing so.

It seems that Alfonso has been greatly interested in the subject of a trip to the United States since a visit to that country by his war minister's son and often has expressed a desire to make a journey there.

It is understood that the matter is now being seriously considered by the Spanish government, with a view to carrying out the desires of the king.

WILL PREVENT SALE OF FROZEN ORANGES

Federal Pure Food Board Issues Sweeping Order.

Washington, Jan. 25.—In order to protect consumers and to prevent the flooding of the markets with oranges and lemons, declared to be unfit for food, the federal board of food and drug inspection board issued an order forbidding the sale in interstate commerce of fruits which have been damaged in the recent freeze in California.

The order was issued after it had been brought to the attention of the board of foods and drug inspection that on account of the recent freeze in California citrus fruits, badly damaged by frost, was being placed upon the market. From 60 to 85 per cent of the California crop was estimated to have been injured.

The bureau of chemistry, it is stated, is actively at work to aid the growers to find methods of utilizing frozen fruit as well as healthy fruit in making orange peel confections, orange and lemon oils, orange and lemon juices and citric acids.

SOO WILL BUILD NEW LINE

Intends Spending \$25,000,000 on Construction Work.

St. Paul, Jan. 25.—The Soo line, in the biggest constructive plan of any kind that has developed so far this year in the western part of the United States, will put \$25,000,000 into the building of 725 miles of new road, will cross the state of Montana, open up enormous territory for direct connection with the Twin Cities and strike the Canadian Pacific somewhere near the extreme edge of Montana where the state of Washington begins, it was announced.

President Edmund Pennington of the Soo line, who returned from Montreal, confirmed the statement that the road has had six locating crews in the field all summer and that they have been working far west in Montana.

SEEK WYOMING LEGISLATOR

Accused of Illegally Obtaining West Virginia School Funds.

Cheyenne, Wyo., Jan. 25.—Alleging that Representative E. H. Manson of Sweetwater county is F. E. Roberts, wanted in McDowell county, West Virginia, for illegally obtaining \$900 of school funds in 1903, Sheriff J. F. Johnson of McDowell county presented the governor a request from Governor Glasscock for the extradition of Manson.

Representative Manson has been in the legislative limelight the past ten days because of his refusal to stand with the Republicans, although he was elected on a Republican ticket and his vote made possible the organization of the house by the Democrats.

Norway's Cabinet Resigns.

Christiania, Jan. 25.—The Norwegian cabinet, under the premiership of General J. M. Brattlie, resigned owing to its defeat at the general election last October. King Haakon has entrusted Gunnar Knudsen, who was premier for 1908 to 1910, with the formation of a new cabinet.

HAVE BRYAN AND WILSON A PACT?

Report Out That Governor Made a Promise.

BIG OFFICE FOR COMMONER?

Rumor, Apparently Authentic, Says Candidate Told His Friend a Year Ago Latter Would Be Secretary of State in Event of Former's Election to Presidency.

By ARTHUR W. DUNN.

Washington, Jan. 25.—[Special.]—More than a year ago, according to information bearing marks of authenticity, Governor Wilson sent a friend to William J. Bryan to say that in case the governor should be in a position to offer the place he would like to have Bryan for secretary of state. Of course it may be denied, but there is reason to believe that for a long time there has been an understanding between Wilson and Bryan about the highest place in the cabinet.

The fact that Governor Wilson does not discuss either Mr. Bryan or the position of secretary of state with his visitors indicates that such is the fact.

Would Waive Place For Friend.

In connection with Mr. Bryan's relations to the new administration, it is further reported that he would waive his own claims to a cabinet position if by so doing he could secure for George Fred Williams of Massachusetts, who has for twenty years been an ardent Bryan admirer, the post of attorney general. Williams might be considered a possibility if it were not for the fact that he has the letter writing habit.

Last summer he wrote to R. F. Pettigrew, one of Champ Clark's managers, a letter, in which he reviewed the entire record of Woodrow Wilson on various labor questions in critical form. Hundreds of thousands of copies of this letter were sent broadcast over the country to influence workmen and foreigners to help Clark beat Wilson. With copies of that letter everywhere about it, it is not expected that Wilson will make Williams attorney general.

Dining an Old "Bad" Man.

What are those constituents going to say to members of the house of representatives who, regardless of party, have gone forth to give a dinner in which to glorify that "bad" man, that "czar," that awful specter with which the Democrats elected themselves to power in the house of representatives? The most active men in this movement to honor Cannon are Democrats, many of them who howl "Cannonism" on the stump two years ago.

Old Uncle Joe.

As a matter of fact, these Democrats who denounced him so much are really very fond of old Uncle Joe. Laying aside partisan politics, they know Cannon to be an honest man, doing the best he can for the country as he sees the way. After his thirty-eight years of service in the house no one can breathe a slander of any kind against him. He has a record of which he may well be proud. And he goes out of office with the honor and respect of most of his associates in both parties.

Cannon's Enemies.

The enemies of Cannon are found among those Republicans who could not agree with him. Old members, those in authority, have always been impatient with those men of their party who disregarded party councils and refused to accept caucus instruction. Cannon created an insurgency because he could not tolerate the independence and progressive views of the Murdocks, the Morrises, the Lindberghs, the Lenorris, the Coopers and others who preferred to heed the voice of their constituents rather than to remain "regular" under the house leaders.

A Massachusetts Bill.

Lodge in the senate and Gardner in the house, both of Massachusetts, were conferees on the immigration bill. So Massachusetts may claim a large share of the measure. More than that, it was a family affair, for Gardner is Lodge's son-in-law. Both of these men have always been earnest advocates of restrictive immigration. And this is one case where Massachusetts and the South agree.

Pushed by Page.

If some sort of an agricultural educational bill is not passed at this session it will not be the fault of Senator Page. The Vermont senator has been giving his best efforts to getting action, and he hopes for success, even if it is toward the eleventh hour for all legislative measures.

Mrs. Littleton Confident.

Mrs. Martin Littleton whirled up to the capitol in a taxicab. She got out from among stacks of mail, mostly petitions to congress asking that Monticello be taken over by the government. "Just look at them," she said. "They keep coming like that every day and by every mail. Oh, no; I'm not going to give up the fight. I'm going to win it. We have it already won."

Mrs. Littleton has the advantage of being a very handsome woman, which helps mightily in a contest of this kind. The male animal in congress does not differ from the species elsewhere.

Prague Bank Clerks.

In Prague bank clerks are allowed two hours for dinner. The banks are open from 9 to 12 and from 2 to 5.

DEBS INDICTED IN KANSAS

Socialist Advocate Accused of Obstructing Justice.

Terre Haute, Ind., Jan. 25.—Eugene V. Debs, Socialist candidate for president of the United States in the last election, was arrested here on an indictment returned against him in the federal court for the Third district of Kansas. The charge was obstructing justice.

The arrest was made by United States Marshals Martin and Rankin from Indianapolis.

The warrant was served in Debs' office and he accompanied the officers to the office of United States Commissioner Hall, where he furnished \$1,000 bond for his appearance at the May term of the United States court of the Third Kansas district.

BEVERIDGE OPPOSES MERGING PARTIES

Former Indiana Senator Talks to Northwest Progressives.

St. Paul, Jan. 25.—Former Senator Albert J. Beveridge's address, an answer to those who would have the third party recruits return to the Republican party, touched the pulse of enthusiasm in an audience of 1,500 who attended the closing session of the conference of Northwest Progressives in the Auditorium.

"Back of all this movement, this so called get together movement, are men in Washington whom you denounce as Republicans," said he. "They would profit by this false truce. Does any such plan mean anything but a plot for office and, after all, doesn't it mean just that thing?"

The Indiana was the principal speaker at the Auditorium meeting that followed a dinner upon the stage where 600 men and women interested in the Progressive cause, including representatives from the states of Michigan, Wisconsin, the two Dakotas and Minnesota, were at the tables. More than that many more were in the Auditorium when W. H. Magie of Duluth, the toastmaster, was introduced.

Men of all political faith had representation at the banquet.

BRADY IS IDAHO SENATOR

Representative Attacks Former Governor and Votes for Negro Janitor.

Boise, Ida., Jan. 25.—James H. Brady, former governor, was elected United States senator for the short term, to succeed the late Senator W. B. Heyburn, on the first ballot. Brady was chosen after his chief opponent, Chief Justice James F. Ailshie, withdrew from the contest. He received forty-four votes, two more than was necessary to elect. The legislature had been deadlocked for eleven days. Representative A. F. Dickinson, who cast his vote after the election of Brady had been assured, bitterly attacked the successful candidate and cast his ballot for the negro janitor of the capitol.

WAITERS STORM BIG HOTELS

Break Windows and Annoy Patrons of New York Places.

New York, Jan. 25.—A series of demonstrations and disturbances occurred in the hotel and restaurant district of this city when thousands of striking waiters and sympathizers overran some of the principal streets and engaged in serious rioting.

The rioting followed successes by several thousand hotel employees in crippling the dining service in a number of big hotels. Failing to get other hostilities and restaurants the riotous elements carried on a warfare of jostling patrons, turning in false alarms of fire, attacking waiters who have not walked out and throwing bricks through windows.

COREY RESIGNED AFTER DISPUTE

WILL NOT INJURE BUSINESS

Congressman Underwood Explains Tariff Reduction.

Washington, Jan. 25.—Chairman Underwood of the house committee on ways and means announced at the tariff hearing that there was no intention of cutting the rates of duty so low along competitive lines as to ruin the business interests of the country. He took exception to the intimations he attributed to Republican members that the Democratic majority of the committee proposed to make rates that would disturb business prosperity.

"I deny that there is any such intention," he said, following the remarks of Representative Payne, ranking Republican member of the committee.

WOMEN WILL NOT PARADE

Suffragists to Take No Official Part in Inauguration.

Washington, Jan. 25.—The National Woman's Suffrage association, as such, will take no part in the inauguration of President Elect Woodrow Wilson, March 4. Nor will "General" Rosalie Jones and her "army" of marchers have anything to do with the inaugural parade, although they will be here and take part in the suffrage pageant the previous day.

Just why the women would not take part was not made clear until Mrs. Helen H. Gardner, head of the publicity committee, said no invitation had been received from the inaugural committee in Washington.

KNOX DOESN'T ALTER FACTS

McCumber Says Agreement on Arbitration Remains.

Washington, Jan. 25.—Senators favorable to arbitration were generally indisposed to go on record in opposition to Secretary Knox's position as indicated by his note to the British government.

Among those willing to express themselves were Senators McCumber, Republican, and Hitchcock, Democrat, both members of the committee on foreign relations. Said Senator McCumber:

"The secretary's letter doesn't alter the fact that we agreed by treaty to treat all nations alike in connection with the canal and that we also agreed by another treaty to submit all such questions as this to arbitration."

PROGRESSIVES AID STRIKERS

Roosevelt to Urge Legislative Reforms for Garment Workers.

New York, Jan. 25.—Coincident with an authoritative assurance that every effort is being made to end the garment workers' strike, sending 15,000 men and women back to work on Monday, Theodore Roosevelt made public a letter in which he announces that the legislative committee of the Progressive party will present to the state legislature bills aimed to create minimum wage boards in the garment trades. Colonel Roosevelt's letter was written to Michael Schapp, a Progressive assemblyman.

Former Steel Trust Head Admits Clash With Gary.

STICKS TO HIS TESTIMONY

Cross-Examination Fails to Shake the Witness' Statement That Judge Gary Was Present at Meetings When Prices Were Fixed and That He Knew of Them Long Before Ordering Pools Abolished.

New York, Jan. 25.—The participation of subsidiaries of the United States Steel corporation in pool organizations for the purpose of fixing prices was known to Elbert H. Gary, chairman of the corporation, long before he gave orders that the pools should be abolished, according to William E. Corey, former president of the corporation. Mr. Corey so testified on cross-examination in the government suit to dissolve the combination under the Sherman anti-trust law.

The testimony preceded an acknowledgment by Mr. Corey that his resignation as president of the corporation in 1910 was the sequel of a dispute between himself and Mr. Gary, as to who was chief in authority, and that the finance committee of the corporation had upheld Mr. Gary. It gave direct contradiction to the testimony of Chairman Gary before the Stanley investigation committee, that with the exception of the "rail combination," which he said did not fix prices, he had had no knowledge of the existence of pools and had ordered them abolished as soon as they had been brought to his attention. This was in the latter part of 1904.

Mr. Corey swore that Mr. Gary "knew about all the pools all the time, because he attended some of the meetings." Although a meeting of the plate and structural pool "in 1902 or 1903" was the only one at which he could remember that Mr. Gary was present Mr. Corey said he was sure he was present at other meetings.

Positive Gary Was Present.

"Are you sure that Mr. Gary was present at the structural meeting?" asked C. A. Severance, attorney for the corporation.

"Absolutely," Mr. Corey answered. Unable to shake the testimony of the witness Mr. Severance held a brief conference with his associate counsel.

"You left the steel corporation with some ill feeling toward Mr. Gary, didn't you?" Mr. Severance asked. "We were not always in accord, but I think it was not ill feeling," the witness replied.

Mr. Corey then acknowledged that "there had been a question as to who was chief executive," and that the finance committee had upheld Mr. Gary.

Mr. Corey could not be induced to alter his previous testimony that the Tennessee Coal and Iron company was a steel rail competitor of the steel corporation before it was taken over by the corporation during the panic of 1907, with the sanction of President Roosevelt. He said he had opposed its acquisition on the ground that the price was too high. John W. Gates and others who controlled it had placed a "nuisance value" on the properties, he said, and it would have continued a competitor of the corporation if it had not been taken over.

SEVERAL TOWNS INUNDED

Flood Reaches Hickman, Paducah and New Madrid.

Memphis, Tenn., Jan. 25.—Patrols have been established along the river banks.

Predictions that the river here will reach forty feet were made by the United States weather bureau. The crest is expected to pass here within a week.

At Big Lake, in Southeastern Missouri, the water is running through a 400-foot gap in the levee, which was left open after a sewer had been constructed. A portion of New Madrid, Mo., is reported inundated and the greater part of West Hickman, Ky., is flooded. At Paducah "backwater" is spreading over the lower section of the town.

Gustave Carl Lueders Dead.

New York, Jan. 25.—Gustave Carl Lueders, one of the best known composers of comic opera and musical comedy in America, died suddenly of apoplexy while calling on friends. He was forty-nine years old.

SUFFRAGE SEEM'S DEFEATED

British Franchise Reform Bill Regarded as Dead.

London, Jan. 25.—The franchise bill may be regarded as dead and with it the chance of woman suffrage being dealt with until the next session of parliament. The only question is whether the government will announce the withdrawal of the bill before or after the division on the amendment of Sir Edward Grey, the foreign secretary, eliminating the word "male" from the bill.

All the machinery is to be moved to the south side of the room, while the north side will be devoted to seating room for the visitors who may care to wait while repairs are being made.

The Brainerd Y. M. C. A. basketball team played the Little Falls gymnasium quint at the Little Falls gymnasium last evening. Brainerd lost by a score of 26 to 51. A large crowd witnessed the fast game and interest was kept on edge by the succession of brilliant plays made. Brainerd played its best and made a creditable showing considering the fact that many new men appeared in its lineup, men who had never played with the team before. Brainerd's lineup was Ray Hall, left forward; Sig Shefflo, right forward; Leslie Bush, left guard; Ray Purdy, right guard; Roy Zierke, center; Bob Ludwig, substitute for Ray Purdy in the last half. Little Falls had Howard Clark for right forward; Robert Brannon left forward; Fred Griesch as right guard, Irwin Dunphy as left guard, Victor Brannon as center, Richard Meyers substitute for Howard Clark in the second half. Their stars were Griesch and Victor Brannon. Little Falls excelled in basket shooting and its players possessed better wind. Brannon shot 10 and Griesch 8 baskets. Ray hall made 5 baskets, Shefflo 3, Roy Zierke 2 and Bush 2.

Bowels clogged, sick, headache, no fun is it? Why not have that happy face, red cheeks that come with good digestion. Hollister's Rocky Mountain Tea makes the bowels work regular, natural, makes you feel like new. Take it tonight. H. P. Dunn.—Advt.

Fryklind-Roxberg
Mr. Karl J. Fryklind and Miss Emily Roxberg were married Friday evening at 7:30 at the home of Mr. and Mrs. P. A. Peterson, of South Sixth street, the pleasing ring service being read by Rev. E. O. Carlson, pastor of the Swedish Lutheran church.

The best man was Mr. P. A. Peterson and the bridesmaid was Miss Louise Peterson. The newly married couple will be at home four miles east of Brainerd where the groom has a fine dairy farm.

The Dispatch joins their many friends in wishing them much happiness and prosperity.

What greater gift or blessing could one give than health and happiness. To your unhealthy friends give Hollister's Rocky Mountain Tea, nature's greatest tonic remedy. Drives out disease, brings back health and happiness. You'll be surprised the good it will do.—H. P. Dunn.—Advt.

CUT POLES TO AVOID

Jersey City Man Has Odd Idea Election Tax.

An indignant property holder enters the office of the tax collector in Jersey City recently and said to Clarence Miller, a clerk:

"You charged me \$1 pole tax this year. Here you charge me \$1 for pole tax again this year. I have no poles in my yard. I chopped down the only pole I had in my yard last year. My wife hangs the washing on the roof to keep from having poles in the yard."

Mr. Miller explained that he was taxed on his poll and said:

"That sort of tax bears the expense of the elections. You go home and tell your wife she can have all the clothes poles in her yard she needs and there won't be a cent of tax on them."

"Oh, this English!" burst out the taxpayer, a German. "It's getting me all mixed."

Valuable Dust.

Professor Curie nearly lost the first few grams of the wonder element, radium, ever separated from the pitchblende by allowing the glass tube containing it to fall to the floor of his lecture hall in Paris. The tube broke, and the radium was scattered in all directions, whereupon the professor had the whole floor carefully swept and every scrap of dust collected. This latter was then dissolved and recrystallized and all but a fraction of the lost radium recovered.—Westminster Gazette.

Peeling Potatoes.

To overcome difficulty in peeling potatoes wash them and put them in unsalted water to boil. When parboiled remove and peel—the skins come off easily—and then put them in boiling water, seasoned with salt, and finish cooking them. This not only saves trouble and time, but if quickly done adds to the meaty qualities of the potato.

It suited my case as though made just for me." For dyspepsia, indigestion, jaundice, and to rid the system of kidney poisons that cause rheumatism, Electric Bitters cause no superior. Try them. DEVELOPMENTS OF WEEK ON RANGE

Characterized by Many Transfers of Mineral Lands Indicating Interest in the Range

CUYUNA-DULUTH STRIKES ORE

Braierd-Cuyuna Mining Co's. Work—Adams Mine Lets Contract for Sinking, Etc.

The week on the Cuyuna Iron range was remarkable for the number of transfers of properties recorded.

Cuyler Adams and wife, of Deerwood, sold to the Cuyuna Iron Range railway company the south half of the southwest quarter of section 35, township 47, range 28, situated north of Dogfish lake and three miles north-west of Serpent lake.

James T. Hale and wife, of Deerwood, sold to Phillip G. Stratton, John T. Murphy and P. S. Adams an undivided one-ninth interest in the southwest quarter of the northwest quarter, the east half of the northwest quarter, and the northeast quarter of the southwest quarter of section 10, township 46, range 28, situated one mile east of Deerwood.

R. J. Hartley and wife, of Braierd, sold to Cuyler Adams, of Deerwood, Geo. W. Holland, Werner Hemstead, C. A. Albright, the O'Brien Mercantile company and James M. Elder, of Braierd, and William D. Edson, of Duluth, part of the north half of the northwest quarter of section 29, township 45, range 30, being lot 1, block 11 of Briggs and Mumford's addition. This land lies one and one-half miles east of Braierd.

The Mineral Range Development company sold to the Cuyuna Iron Range railway company lots 3 and 4 in section 24, township 47, range 29, situated northwest of Rabbit lake, for \$1,500.

Charles Neimeyer and wife, of Duluth, sold to Thomas F. Cole an undivided one-half interest in the west half of the southeast quarter and the west 100 acres of the northeast quarter of section 6, township 44, range 30, situated one and one-half miles southeast of Braierd.

Carl Neumann and wife, of Minneapolis, have sold a number of interests in lot 1 of section 23, township 44, range 30, and part of section 24, to Jennie A. Coolidge, Myrtle F. Schussler, Foster R. Clement and Edwin A. Conn.

Erick J. Erikson and wife, sold to Frank M. Murray the south half of the northwest quarter, the northeast quarter of the northwest quarter and lot 5, of section 34, township 136, range 29, for \$3,792.

There have been reports of contemplated railway building and credence is attached to the report that the Soo Line is to build from Riverton, a short distance west of Crosby, to Braierd and thence southwest through a region drilled in part and on to Glenwood. This would give Duluth another great outlet to the west.

In the Bay Lake district to the south of Deerwood, C. W. Potts, of Deerwood has two drills at work, one being in section 3, township 45, range 28. The Stowell Exploration company, of Deerwood, has three drills in this district. The Wickham land, situated in section 24, township 45, range 28 and drilled on option by Will S. Pitt, of Crosby, and F. L. Pitt, of Deerwood, has been purchased by the Pitt Brothers named.

That important deals are pending on the range is evidenced by the visit of a private car at Crosby Friday containing officials of the Inland Steel company and George H. Crosby. Mr. Crosby usually enjoys a few of

the winter months in California, where he has a luxuriant home, but this season business is curtailing his visit. It is said he has several weighty propositions under way which, if successfully consummated, will mean the opening of several new mines near Crosby, one said to be another pit mine.

The E. J. Longyear company, of Minneapolis, has a drill at work in section 31, township 47, range 28, near the town of Cuyuna's Soo Line station. Gaylord & Guith, of Crosby, have all their drills at work. They are exploring on the north range. A drill is working for the Mangan company north of the Armour No. 1 mine.

On Wednesday noon, the Cuyuna-Duluth mine, which is sinking a shaft in the north end of the Ironton townsite, struck the capping of the ore body at 125 feet depth. Capt. Wm. Pascoe has thus made another record for quick sinking, exceeding even the record he made with the Cuyuna-Mille Lacs Iron Co's. shaft.

At the Thompson mine, north of Crosby, four boilers were reset by the Gogebic Boiler Works, of Duluth. A new feed water heater has been installed. The company is doing its own assaying at the laboratory recently installed.

Full crews are working at all the Rogers, Brown Ore company properties and each shaft is daily hoisting between 500 to 600 tons. Electric haulage underground will soon be instituted.

At the Pennington pit mine west of Crosby and Ironton, 130 men are now employed with a certainty of big additions being made to the crews in the near future. Two Bucyrus steam shovels of five yard capacity are at work. Frost is hampering them some in their work.

F. E. Krech, B. M. Hungerford and several other Aitkin men have formed a mining company and their 80 acres in section 25, township 47, range 29 is being drilled by George H. Crosby, who has an option on the property. T. R. Foley, of Aitkin, recently sold 1,200 acres in the northern part of Crow Wing county to E. C. Bane, of Braierd. The Mesaba-Cuyuna Iron company has four drills at work in section 23, township 47, range 29, on lands owned by T. R. Foley, of Aitkin.

The Braierd-Cuyuna Mining company is striking good ore in its lands on the south side of Braierd. Supt. John Martin states that the second hole sunk west of South Sixth street struck especially rich ore.

Two of the distinguished visitors on the range were H. E. Wetherbee and R. Crowell, members of the firm of Crowell & Murray, of Cleveland, Ohio. They are chemists, mining engineers, assayers, inspectors, etc. They made a general examination of the Cuyuna range for eastern clients and were most favorably impressed.

The Cuyuna Range Iron company has a drill at work in section 32, township 136, range 26, near Mangane. Ore has been struck.

The Vermes-Cuyuna Mining and Development company, of which many Braierd people are officers and stockholders, is having its property in lots 1, 2 and 3, in section 8, township 46, range 29, drilled by the Helmer Exploration company. Ore was encountered in the first hole sunk. The second hole was spotted Wednesday.

The Duluth-Braierd Iron company which is drilling in section 8, west of Braierd has commenced work on its third hole. The Helmer Exploration company is doing the drilling.

The Cuyuna-Sultana company is in ore and has sunk a second hole on its property in section 17, township 46, range 29.

The head frame was raised during the week at the Cuyuna-Mille Lacs

company mine. The new boilerhouse has been completed by Contractor C. B. Rowley, of Braierd. F. P. Amo, of Duluth, a stockholder of the company, was a recent visitor at the mine. Four or five diamond drill salesmen from New York, Duluth and other points, covered the range exhibiting their black diamond samples to the drill men.

At the Adams mine south of Deerwood and near Oreland, the Foundation company, of New York, has completed its work. The contract has been let for 100 feet of sinking and some crosscutting at the 225 foot level. Contractor Long, who built the 110 foot reinforced concrete chimney at the mine, fell 160 feet while working on a job at St. Louis and was crushed to death, the accident occurring during the week, and resulting from a broken staging.

The Barrows Iron company will soon resume drilling its property in section 10, township 43, range 32, near Barrows. One forty has been proven up on the Iron Valley Mining company property. Four more forty's remain to be proven up.

The Vermont Realty & Development company, Gus Raymond, of Aitkin, manager, is drilling in section 28, township 46, range 28.

The Barrows mine of the Virginia Ore Mining company at Barrows is installing its 3,000 gallon pump. So big are the fittings that they just clear the shaft when lowered.

CANNING FACTORY FOR DEERWOOD

Bay Lake Fruit Growers Association Intends to Build One in the Spring of the Year

FIREMEN DANCE ON JANUARY 31

Deerwood Clothing Co's. Good Year—Other Social and Business News of Deerwood

Deerwood, Minn., January 24—The Bay Lake Fruit Growers association reelected F. L. Kinney general manager of the association. Mr. Kinney has shown marked business ability by increasing the output and successful marketing of the association's products 100 per cent. In the spring a small canning factory will be erected at Deerwood and the industry will can berries or tomatoes which the association may not be able to ship promptly. The Braierd Dispatch has given extended mentions to the Bay Lake Fruit Growers association because it is an organization which is making two blades of grass grow where only one sprouted before. The members are energetic and the crops they get out of the soil are standing advertisements of what intensive farming will accomplish with Crow Wing county soil. One grower made a comfortable sum out of a small patch of berries and a tract of celery. Manager Kinney says that more care will be exercised this year in the grading of the berries and vegetables and consequently higher prices will be realized.

Joseph Raymond, formerly residing in Braierd, the owner of Raymond's addition to Crosby, has again removed to Deerwood. Mr. Raymond is having his addition drilled and is also selling lots in the same and is endeavoring to have good fortune strike him above and below surface.

Mr. and Mrs. B. Magoffin, Jr., their little daughter and Mrs. Wilhelmine Bartens, the latter acting as baby's nurse, are visiting in Chicago and in Michigan and later will also visit friends in Tennessee.

Coughs and colds are the rule in Deerwood.

The Deerwood firemen will give their annual dance at Hilyar's hall on Friday evening, Jan. 31.

John Wahl and G. A. Rydberg of Duluth and Louis Knudsen of Braierd, were Deerwood business visitors Wednesday.

C. J. Rathvon expects to lease his hotel within a short time or may run it himself.

Four diamond salesmen, taking orders for the black diamonds used in drills, were on the range Wednesday.

The Deerwood Clothing company had a good year in business in 1912, the total sales exceeding that of 1911 by fully 30 per cent.

Wilson Bradley has returned from Duluth.

Frank Oberg is at Minneapolis.

Lindner-Brose

Mr. Frank Lindner and Miss Anna J. Brose were married Wednesday evening at 7:30, the ceremony being performed by Rev. Father J. J. O'Mahoney at the parsonage of St. Francis Catholic church.

The bride was attired in a beautiful gown of white satin with an overdress of chiffon. She carried a bouquet of roses. The bridesmaid was her sister, Miss Clara Brose, who was gowned in pink messaline. The best man was John Hurley.

After the ceremony a sumptuous wedding supper was served to invited friends and relatives at the home of the bride's parents, Mr. and Mrs. Stenzle Brose. Many handsome and valuable wedding presents were received.

The groom was at one time employed as a boilermaker in Braierd and later removed to Livingston, Mont., where he has been employed at his trade and where the happy couple will make their home. The bride has been a clerk at the Buchman store for the last three years and enjoys a large circle of acquaintances. She was well liked for her pleasant ways and genial smile and many will regret to see her leave Braierd. Tonight a reception will be given in their honor by Mr. and Mrs. John B. Johnson, of 1824 Oak street.

Mr. and Mrs. Lindner leave Sunday for Montana. The best wishes of their many friends accompany them.

Nord-Miller

Mr. Gust Nord and Miss Clara Miller were married this morning at eleven o'clock at the manse of the Presbyterian church, Rev. W. J. Lowrie reading the lines of the wedding ceremony. Both of the young people are from Crow Wing and are well-known in the city.

They were accompanied by Mr. Earnest Nord who acted as best man and by Miss Manda Ross, who served as bridesmaid.

They will make their future home in Cuyuna where Mr. Nord will work in the mines. The best wishes of the friends and acquaintances are extended to them.

Townsite Company Orders Their Construction to Accomodate Additional Population

LITTLE FALLS MAN TO BUILD

Contractor Krause to Start Cement Block Factory—Other News of Barrows

Barrows, Minn., January 24—The townsite company has ordered the erection of 10 additional houses to accommodate the increased population in Barrows and construction will commence a short time.

G. A. Rydberg and John Wahl were at Barrows during the week. Mr. Rydberg brought with him a party of Minneapolis people who have bought a number of lots and will build in the spring.

The huge 3,000 gallon pump is being installed at the mine. The Barrows mine of the Virginia Ore Mining company employs a large force of men and business conditions at Barrows are of the best.

The Barrows Iron company will resume drilling in the neighborhood of the town in section 10, township 43, range 32. A forty has been proven up on the Iron Valley Mining company property.

Cashier Klingenberg is to leave the employ of the Miners National bank of Eveleth on January 25 and will go to Minneapolis to arrange connections of the First State bank of Barrows with St. Paul, Minneapolis and Chicago banks. The Barrows bank is expected to commence business early in February.

Contractor Krause of Little Falls, intends to erect a three story building in Barrows and will start a cement block factory.

Richard Gergum anticipates a good business in real estate this spring.

H. A. Peterson will start a general store in Barrows. His brother, Edgar Peterson, will clerk for him.

Drives Off a Terror

The chief executioner of death in the winter and spring months is pneumonia. Its advance agents are colds and grip. In any attack by one of these maladies no time should be lost in taking the best medicine obtainable to drive it off. Countless thousands have found this to be Dr. King's New Discovery. "My husband believes it has kept him from having pneumonia three or four times," writes Mrs. George W. Place, Rawsonville, Vt., "and for coughs, colds and croup we have never found its equal." IN THE DAYS OF EIGHTY-ONE

Ironton Man Visits Brainerd and
Hears a Lot About the Good Old
Times in Brainerd

800 CROSSES CUYUNA NORTHERN

Fire Department Has an Election—
Peter Spina's Metropolitan
Hotel Project

Ironton, Minn., January 24—
"What we did in the days of '81 was
all I heard mentioned when I recently
visited Brainerd," said a prominent
business man of Ironton. "Those
may have been good old days," said
the Ironton man, "but the past does
not count much in the present race
for business and a lot of the new
towns, in fact all Cuyuna range
towns were unborn at that period.
The range towns have no past, it's all
future with them and they believe in
taking advantage of every moment of
the present."

The Soo Line has effected a cross-
ing over the Cuyuna Northern rail-
way.

The Ironton fire department has or-
ganized with the following officers and
members: Henry Tabert, chief
fire warden; J. S. Lindblom, first as-
sistant; H. W. Boulder, second as-
sistant. The members are E. J. El-
lington, T. Smith, Wesley Wilson,
Oscar Fagerberg, Curley Nelson, O.
G. Gregerson, A. B. Johnstone, Mike
Stipe, Ole Erickson, Carl Dondree and
J. E. Lekere. The secretary is H. A.
Arneson.

H. P. Armstrong has sold his hard-
ware stock and has moved the post-
office into its new quarters.

Mrs. Howard Olts is ill at the Nor-
thwestern hospital in Brainerd where
she was taken for treatment.

Sidetracks and switches are being
put in by the Soo Line, to the various
mines at and near Ironton. Quite a
force of men is employed.

E. H. Lehrke, who sustained a se-
vere rupture while working in the

woods near Ironton, was taken to the
Northwestern hospital in Brainerd
and is reported to be recovering rap-
idly, an operation having been per-
formed to reduce the rupture.

Peter Spina is meeting with much
encouragement at the hands of Iron-
ton people in his efforts to establish
a modern and metropolitan hotel.
Such an improvement is sadly needed
in the town and will do much to
bring Ironton to the front in a busi-
ness way. There is but one licensed
saloon in the village and the bar
should be in the hotel, the same as at
Crosby.

John H. Hill, of Ironton, is trans-
acting business at the county seat.

Mr. and Mrs. H. E. Ellingson are
visiting relatives in Kensington.

A half dozen applications have been
made for the saloon license soon to
be voted on at the next meeting of
the Ironton village council.

DYKEMAN DOINGS

Most everybody around Dykeman
has a cough.

Mrs. R. Dahmen is marketing her
clover seed, about 100 bushels.

Frank Schmalz moved his pack of
wolf hounds to Nokai lake. He will
make the Nokai wolves go some.

J. J. Crowell is laid up with a lame
back caused by a horse falling on him.
This is a case of a horse on Crowell.

Henry C. Zierke of Brainerd, was
buying cattle and hogs in this neigh-
borhood this week.

J. M. Crowell will build a new
house in the spring.

A. C. Love was in Brainerd last
week having a tumor removed from
his shoulder.

Miss Adelaide Vogel of Brainerd,
has just completed a very successful
term of school in this district. We
understand she has been offered the
spring term but has not yet accepted.

There will be a dance at Love's
hall February 1st, which means a
good time for everybody that comes.

The mail carrier from Dykeman to
Flak has just received that over wel-
come message from the P. O. depart-
ment, "your salary has been raised."

BASEBALL SEASON OPENS

New Dice Game Called Baseball
Makes Hit With Many Dice
Shakers in City

The thermometer may be running
to 30 below, but baseball is flourish-
ing in Brainerd. Baseball, be it
known, is a new kind of a dice game
and the writer had a chance to play
the regulation nine inning game with
John H. Hill, the father of Ironton,
now visiting in Brainerd.

You shake for aces and each ace
counts a run. You continue shak-
ing as long as aces bob up. Should
your first shake reveal nothing in the
ace line you mark down a zero in your
inning, for like the team bat-
ting and being fanned, you have been
skunked. Your partner, represent-
ing the opposing team, starts shak-
ing. If he gets an ace the first crack
out of the box, he has landed a run
and is entitled to shake again. Nine
innings are played. The Hill-Rep-
ort game's tally sheet looked like this:

Hill ----- 3 0 2 2 1 0 0 2 1—11
Reporter -- 1 0 1 2 1 2 2 3 x—12

CORROBORATION

Of Interest to Dispatch Readers

For months Brainerd citizens have
seen in these columns enthusiastic
praise of Doan's Kidney Pills by
Brainerd residents. Would these
prominent people recommend a rem-
edy that had not proven reliable?
Would they confirm their statements
after years had elapsed if personal
experience had not shown the rem-
edy to be worthy of endorsement?
The following statement should carry
conviction to the mind of every Dis-
patch reader.

Mrs. W. F. Bourquin, 920 S. Sev-
enth St., Brainerd, Minn., says:
"Doan's Kidney Pills, procured from
H. P. Dunn's drug store, were used
in my family about two years ago
and they made a permanent cure of
lumbago and kidney trouble. We
publicly endorsed them at that time
and since then have advised their use
in cases of kidney complaint at every
opportunity."

For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo,
New York, sole agents for the United
States.

Remember the name—Doan's—and
take no other.—Advt.

CASTRO POSES FOR "MOVIES."

"Dresses Up" and Strides Like Real
Napoleon For Camera Man.

The camera man of a moving pic-
ture company went to Ellis Island re-
cently and had no trouble persuading
the ex-Napoleon of Venezuela to pose
for him. General Castro has looked
at moving pictures in many cities and
likes them. He said he would be de-
lighted and put on his braided frock
coat and his most impressive smile
and told the picture man that he might
fire when ready. He tucked a hand
into his coat and strode to and fro like
the real Napoleon on the Bellerophon
or in meditation at St. Helena.

GETS A DINNER BY POST.

Pastor Receives Pork and Sauerkraut
From One of His Flock.

An appetizing dinner of pork and
sauerkraut came recently to the Rev.
John Snider, pastor of the First Con-
gregational church, Haddonfield, N. J.,
by parcel post.

The sender was one of the church
officials.

A Queer Claim.

A man of wealth and education fell
in love with an illiterate girl, who re-
ciprocated his feeling. Before marry-
ing her, however, he decided to send
her away to school for four years so
that she might become educated and
fitted to grace his home. At the end of
the four years he had experienced a
change of heart, and he broke the en-
gagement. So she sued him, and one
of the items for which she claimed
damages read, "To loss of time while
improving my mind, \$3,000."—Every-
body's.

NEWEST HEALTH CURE IS TO WALK ON ALL FOURS.

Dr. Klotz Evolves Theory Urging Re-
version to Animal Habits.

The very newest fad is to walk for a
time each day on all fours like the
beasts of the field. Such exercises are
said to be a cure for many ills. So if
you should happen to see apparently
sane men and women ambling over
their lawns on all fours or doing the
same stunt in drawing rooms don't
think they have gone mad. They are
only practicing the Klotz cure, which is
being taken up by young and old, fat
and lean.

It started in Germany. They have
been doing this sort of thing over there
for over a year, and there is one regu-
lar sanitarium where the exercises are
given under medical supervision.

And this is the theory:
Dr. Ernst Klotz, a German biologist,
maintains that the upright carriage of
man is unnatural and results in many
ills. Nature, he says, did not intend it,
and since man took to carrying himself
erect he has vainly tried to adapt him-
self to the new conditions.

As a result of his holding himself in
a way opposed to nature he suffers
from various pathological deformations,
from the hypertrophy of various or-
gans, from the displacement of others
and from lesions in the blood vessels.

The architecture of man, according to
Professor Klotz, was meant to be the
same as that of the other vertebrates.
The spinal column was meant to be
horizontal and to protect from injury
the internal organs and the soft parts
of the body, which ought to hang from
it. The spinal column is, in fact, prop-
erly the roof of a man and fulfills
this use in the case of the other mam-
mals.

Man's upright position, concludes the
professor, hampers particularly the di-
gestive process. This is owing to the
organic displacement which it entails;
hence men suffers from many sto-
machic maladies from which the less
aspiring quadrupeds are free.

Dr. Klotz has found that very few
human beings who are past twenty
years of age have all their organs in
the right place. They have sagged or
dropped or wandered to a more or less
degree. Especially is this the case
with the stomach.

It is declared that it is amazing what
the Klotz cure will do. One only has
to try it to discover how efficacious it
is, say its advocates.

An Oyster Feast.

Truly the China campaign of 1890
was the most enjoyable picnic in which
I have ever taken part. When we
landed I saw with great pleasure that
the whole coast was covered with oys-
ters—real natives. I at once sent back
a message to the chief engineer, asking
him to send me a bucket and an oyster
knife. Later on I got a hammer and a
chisel, and next morning the beach was
a sight with 8,000 men eating oysters.—
"China Jim" by Major General J. T.
Harris.

Sure.

"Don't you think that we should have
a more elastic currency?" asked the old
fogey.
"It is elastic enough," replied the
grouch. "Why don't they make it more
adhesive?"—Cincinnati Enquirer.
